

JCT 600 Bradford League Scorers Newsletter no 9.

This week's newsletter is short and sweet! There is no update to perform provided that you have updated your software since last Friday. A full detailed instruction manual is available in this scorers section of the website.

The Management Board would like to say that they are delighted with the response from scorers to the introduction of lap top scoring. Some clubs have said that the updates etc. are somewhat onerous however we would like to point out that these will become less common and that most of them are at our request to the software company. We do hope that you will continue to bear with us.

Details on how to update can be found by clicking the link below

http://bradfordcricketleague.org/Admin_Docs/TCS%20Update%20Detailed%20Instructions.pdf

You should be operating version 5.0.20.01
